

Lower Sherwood Farm  
291 Llama Farm Lane,  
Charlottesville, VA 22902

## Event Rate Pricing

The table below is a summary of the typical fees for transporting llamas and/or alpacas to events. Each one of our events is completely bespoke and customized to your requirements, and as such these prices are a guide.

The "Base Price" for either event type is for up to two animals, for up to two hours, and up to two handlers within the state of Virginia.

Item	Price
Base price	\$750.00
Each additional animal	\$50.00
Each additional hour	\$50.00
Portable fencing/panels	\$100.00
Transport - first 50 miles	\$0.00
Transport - per mile over 50 miles	\$1.50
Veterinary Inspection Certificate	\$75.00

## Events Outside Virginia

Events outside the state of Virginia are subject to the above fees, plus \$75 for the USDA-required veterinary inspection certificate that is required for transporting agricultural animals across state lines. A minimum of 30 days notice is required for events out of state and 45 days for events in DC.

## Permits

We will obtain all necessary permits to transport animals to the requested venue at the specified date and time. However please note that some venues do not allow agricultural animals at their location, and it will be your responsibility to ensure that the animals you request are permitted on the property.

Events in Washington, DC, require extra permits. There is no charge for us to obtain the permit, but we do need a 45 day notice to get the permit approved.

## Transportation Fees

Transportation within the first 50 miles is included in the base price, with each additional mile priced at \$1.50/mile, one-way. Distances are calculated from the farm location to the event location taking the most practical route between the two. There may also be additional fuel surcharges depending on the number of animals transported, the distance traveled, and the type and cost of fuel.

## Temporary Fences/Panels

Animal handlers are included in the base price. We can also provide a set of portable fencing for animals to be kept in for \$100/event to cover the costs of setting up and tearing down the panels before and after the event. Panels should be set up on grass, however we can temporarily keep animals on other surfaces for the duration of the event.

## Indoor Events

Animals can be brought indoors for events, but we will need advance notice to ensure we bring the correct equipment.

## Multi-Day Events

For multi-day events, arrangements can be made to keep animals on-site or transport them daily. Pricing for these events will be determined on a case-by-case basis.

## Deposit

A 25% deposit is required to hold the requested date and time, with the balance due within 30 days of the event.
